

number of fetched CLKBUF in each of the 64 regions

A heatmap visualization showing the number of fetched CLKBUF for each of the 64 regions. The regions are arranged in an 8x8 grid. The background of the grid is light blue. The cell at row 8, column 3 (0-indexed from top-left) is highlighted in dark blue and contains the value 2. All other cells are white and contain the value 0. To the left of each row, there is a hyphen '-' character. Below each column, there is a vertical tick mark '|'. The title 'number of fetched CLKBUF in each of the 64 regions' is positioned at the top left.
